6. The Royal Canadian Mounted Police "V" division will issue a Divisional Supplement and reinforce in training delivered to officers and civilian guards, that there is only one way to apply the policy for assessing consciousness in the Operations Manual 19.2. Any persons satisfying the criteria for medical assistance should be given medical assistance, regardless of whether or not intoxication is a factor.
7. The Royal Canadian Mounted Police "V" Division will ensure all detachment cells in Nunavut have functioning video recording equipment in operation within the next year.
8. The Royal Canadian Mounted Police "V" Division will ensure that guards in local detachments always have access to direct contact information for the officer on call, detachment commander, acting detachment commander, and the local Health Center as a secondary course of action, should calling dispatch fail to illicit a response in an emergency situation.
9. The Royal Canadian Mounted Police "V" Division will ensure that an official recognized Inuit translator or RCMP liaison officer should be available to the RCMP to communicate with prisoners where language could be an impediment to the situation.
10. The Royal Canadian Mounted Police "V" Division will ensure that whenever there is a critical incident involving death a review is conducted by the RCMP, the results are shared with all officers involved to prevent similar future deaths.
11. The Royal Canadian Mounted Police "V" Division and the Government of Nunavut, Department of Health will in consultation with relevant stakeholders in every Nunavut community, establish a procedure and training regimen for dealing with individuals in medical distress. This could use the AGORA on line database and a licensed medical practitioner as common resources of this process.
12. The Royal Canadian Mounted Police and the Government of Nunavut, Department of Health will, in consultation with relevant stakeholders in every Nunavut community, establish an orientation program for all new RCMP members in the communities. The program will familiarize the officers with community members and Health Centre staff, and encourage information sharing and team approach to dealing with community members ow come in contact with police.

VERDICT OF CORONER'S JURY
ᑕᑦᑎᑦᑎᑦᑎᑦᑎᑦ ᑕᑦᑎᑦᑎᑦᑎᑦ ᑕᑦᑎᑦᑎᑦᑎᑦ ᑕᑦᑎᑦᑎᑦᑎᑦ

- 13. The Government of Nunavut, Department of Health, with the next year, launch a publicity campaign through its Health Centre and public media to promote the use of medicalert bracelets by people with diabetes and other health conditions requiring ongoing care.
- 14. The Government of Nunavut, together with the RCMP will explore avenues for establishing a safe place for intoxicated people to spend the night that does not require the intoxicated person to relinquish their liberty.
- 15. The Royal Canadian Mounted Police "V" Division will improve the Rousability Reference chart to provide more intuitive guidance to those who are referring to it. A reference chart should be intuitive in the information it shows.
- 16. The Royal Canadian Mounted Police "V" Division and the Government of Nunavut, Department of Education, should compile a working glossary of terms common to RCMP documentation and Department of Health documentation so that both parties do not use assumed definitions. Examples: assessment, observation, presenting, consciousness, response.
- 17. The Royal Canadian Mounted Police "V" Division should review any policy that would prevent a person in their care from receiving food or water during their incarceration period.

Padma Suramala
Presiding Coroner
Chief Coroner of Nunavut
